

Announcements for November 6

- Let's do Exam 2 on Friday, November 20. It will especially cover recursion, data structures, and the basic information about classes. That week's lab will be fun and not too long.
- There is a new group forming: OPOC – Oberlin Programmers of Color. The first meeting will be Friday, November 13 at 4:30 in King 239. The CS Department is providing cookies and tea. Tea?? That's what I have been told.
