Announcements for October 14

- The 2nd floor computer lab in King is reserved today from 11 to 12:30 for another class. The 1st floor lab is available at that time.
- Some of the graders took off points on Lab 4 if you didn't include a call to canvas.display( ). I will give those points back to you.
- This week's lab (Lab 06) is due the Tuesday after Break. I recommend getting it done before Break if you can.
