Announcements for February 4

- Jackie (our wonderful secretary) has sent the classlist to Res/Ed so they can add your ID to the security system that opens the building. In a day or two your ID should open the doors to King 24/7. If this doesn’t work by Friday, go talk to Jackie in King 223.
- Remind me to give out the code for the combination locks on the lab doors.
- The labs are in King 201 and King 135
- For Friday read Chapter 1 of the text (if you haven’t already) and Chapter 2 more carefully.
- I am taking a job candidate to breakfast before class on Wednesday. I’ll try to not be late for class, but if I am I won’t be long; please wait for me.
