Announcements for November 5, 2014

- We have been asked to not use either of the labs on Wednesdays 2:30-4:30 and Thursdays 1:00-3:00.
- We need to set a date for Exam 2. The syllabus says Nov. 21, which is the Friday of the week after next. At the same time we need to decide on the schedule for the remaining labs. I try to avoid
  - Having a lab the same week as an exam.
  - Having a lab the week of Thanksgiving.
  - Having a lab the last week of classes
We can only achieve all three if we do the exam on the Monday or Wednesday of Thanksgiving week.
