

Announcements for February 11

- Read Chapter 4 of The Little Schemer by next Tuesday, even if you find it annoying. This really will help you think about recursions in Scheme.
- I changed the due date of Lab 1 to this Thursday (Feb. 13).
- I posted Lab 2 in case you are done with Lab 1 and are looking for something to do. I wouldn't want you to be bored.
- I am looking for another Monday lab helper for CSCI-151. Anyone interested?
